Installation view of Civilization: The Way We Live Now at The Ian Potter Centre: NGV Australia, Melbourne from 13 September 2019 – 2 February 2020 © Tom Ross.
Produced by the Foundation for the Exhibition of Photography (FEP).

Limited Edition Prints

Our 'print to order' service eliminates storage concerns and hefty costs by producing each print on demand, allowing for maximum flexibility across all our print services. We replicate the first print precisely and can dispatch directly to your customers.

Bespoke Lightboxes

We offer different variations of lightboxes; each is illuminated with LED panels. LED panels give greater flexibility in size and mean that our lightboxes are evenly lit from edge to edge and without degradation to your artwork (due to heat emitted from fluorescent lighting).

Our first option consists of in-house crafted bespoke lightboxes from our framing department, using Direct to Media prints on acrylic. These are made using your preferred mouldings from our collection of sustainable gallery-quality options certified by the FSC scheme.

In addition to our conventional lightboxes, we also offer custom-sized aluminium lightboxes with interchangeable high-definition fabric images tailored to your specifications.

Fabric Wrapped Mounts and Liners

Beyond conventional passe-partouts, we offer an elegant option with hand-wrapped fabric window mounts using the finest Manhasset Oyster linen. Linen, chosen over cotton for our Fabric Wrapped Mats, aligns with our commitment to conservation-friendly materials. The entire production of fabric-wrapped mats takes place in-house, employing the highest quality materials and accommodating sizes up to 70 inches.

For more information...

Our team are on-hand to answer any of your questions or guide you through our services at a time to suit you. For information on any of the services listed here, or if you want to talk through a bespoke project, please get in touch via telephone on +44 (0) 207 384 6200 or via email on info@genesismaging.co.uk. We'd love to hear from you!

Bespoke Framing

Our framing department crafts exquisite bespoke photographic frames for leading photographers, artists, and individuals seeking high-quality finishes. Our standard is anti-reflective Artglass, offering reflective-free and neutral viewing with a 70% UV filter for artwork protection. For larger frames, we provide durable and lightweight Perspex. The wooden mouldings are sourced sustainably, meeting environmental standards certified by the FSC scheme and our passé-partouts use 8-ply acid-free museum conservation board certified by The Fine Art Trade Guild

Delivery and Installation Services

Beyond printing and finishing, we can provide delivery and installation of your work in galleries, commercial or domestic premises. Our global delivery options encompass van delivery and international post, featuring tailored packaging from envelopes to bespoke crates for large or distant shipments. Smaller orders benefit from Royal Mail Special or Recorded Delivery. Our trained team excels in handling and installing artwork, ensuring a secure process. All our in-house delivery services come with comprehensive insurance for your peace of mind.
